Your devices needs to meet either of these minimum requirements

Apple iPhone or iPad: iOS 11 or above

Android Phone or tablet: Android 5 or above

A large graphic consisting of the letters 'AR' in a bold, white, sans-serif font, centered on a dark blue background. The letters are enclosed within a white frame that resembles a camera's viewfinder, with four L-shaped corner brackets pointing inward. The top-left and top-right brackets are positioned above the 'A' and 'R' respectively, while the bottom-left and bottom-right brackets are positioned below them.

Where was it first found?
Faith, South Dakota, USA

Where did it live?
Western North America

A T. Rex was in the Transformers animated series, as the powerful and funny Dinobot Grimlock.

There are 30 T. Rex skeletons in the world. Most of them have been found in the west of the United States (in Montana, Texas, Wyoming and Utah), but some have also been found in Alberta and Saskatchewan (Canada), and in Mongolia.

The popular comic book and film character, Godzilla, was inspired by images of the T. Rex, Stegosaurus and Iguanodon.
